

2021 IVI Annual

METHODS SUMMIT

FALL 2021 | VIRTUAL EVENT

*Designing Equitable Measures and Methods for Patient Priorities in Healthcare
Value Assessment*

October 27, October 28, and November 4, 2021

October 27, 2021 | IVI Methods Summit - Public Meeting

[Registration Information](#)

Purpose: Level knowledge and framing of the key questions, as well as establishing awareness of initiatives and progress made to date in the incorporation of patient perspectives in comparative effectiveness research and value assessment. **This session is open to the public.**

- 10:00 am ET **Introduction and Framing of the IVI Methods Summit**
Jennifer Bright, Executive Director and Rick Chapman, Chief Science Officer, IVI
- 10:10 am **Keynote Address**
Dana Gelb Safran, Sc.D., President & CEO, National Quality Forum
Offers perspective on the challenges in moving health delivery and payment toward equity and patient-centricity, and the opportunities for impact in better defining patient outcomes as inputs to quality measurement.
- 10:25 am **Taking the Next Leap: What Have We Learned and Where Can Including Patient Perspectives Have Impact?**
In a fireside chat, three patient representatives will discuss real-world case examples as a reference point for demonstrating the complexity and impact of patient perspectives in healthcare design and decision-making.
Case Studies include: Sickle Cell Disease, Diabetes, and Depression (tentative)
- 11:05 am **Question & Answer Session**
- 11:15 am **Break**
- 11:25 am **How Regulators, Payers, Purchasers, and Policymakers Can Incorporate Patient Priorities Into Research and Value Assessment**
The reactor panel will feature a facilitated discussion from stakeholders that develop and use patient-generated data and perspectives. Using the case studies as a reference point, panelists will explore both barriers and opportunities for alignment and change.
- 12:05 pm **Question & Answer Session**
- 12:15 pm **Break**
- 12:45 pm **How Do Methods Align with Patients?**
This panel will feature a facilitated discussion with stakeholders who conduct and use research on patient perspectives to emphasize areas of work in methods, including issues of rigor, novel methods, and fit for purpose in decision making.
- 1:30 pm **Question & Answer Session**
- 1:40pm **Reactions, Wrap-up and Next Steps**
- 2:00 pm ET **Adjourn**

October 28, 2021 | Small Group Discussions

Sessions will run between 10:00 am - 4:00 pm ET

Purpose: Explore key questions and areas of priority using qualitative dialogue in a roundtable, small group format. Each session will be moderated using similar format/questions. Sessions to be analyzed for common themes. **Invitation-Only.**

Participants to be pre-assigned to one (1) small group discussion of 75-minute duration. Up to 4 groups will be facilitated to keep sessions interactive.

- 15 minutes **Welcome and Review of Session 1**
- 45 minutes **Facilitated Small Group Discussion**
- 15 minutes **Wrap-up and Next Steps** (survey to be conducted between Session 2 & 3)

November 4, 2021 | Consensus Action Agenda

Purpose: Consensus dialogue focused on prioritizing areas of notable impact and for action and next steps. Will include analysis of attendee survey. **Invitation-only.**

- 10:00 am ET **Welcome and Introduction**
- 10:15 am **Review of Themes from Sessions 1 & 2**
Analysis of Input Received from Attendee Survey
- 10:30 am **Reactions and Discussion:**
 - What are the roles for data collection and reporting across stakeholder groups?
 - Where are there collaborative efforts to improve the data?
- 10:45 am **Consensus and Prioritization Activities**
 - Delphi feedback process
 - In-session polling
 - Identification of action priorities that accelerate change in defining and using patient impact data to measure clinical and health equity outcomes, and to inform value assessment
- 12:00 pm **Consensus Agenda**
Synthesis of consensus and prioritization activities into a consolidated, consensus agenda
- 12:45 pm **Wrap-up and Next Steps**
- 1:00 pm ET **Adjourn**
